

Directions: Utilize *Microsoft Office Publisher* to create a professional business brochure for your county in Washington State.

1. Utilize the provided templates to create a tri-fold brochure.
2. Include a map of Washington State with **YOUR** specific County highlighted.
3. Include a brief introduction about your county. Your goal is to entice visitors to *visit* your area (look at the websites of various Counties for help in writing this paragraph).
4. Include @ least two (2) pictures in your brochure showcasing your county's beauty/offerings.
5. Include specific data about your county:
 - Population
 - Area (Sq. Mileage)
 - Major Cities
 - Major Landforms (Mountains, Rivers, Lakes, etc.)
 - Climate/Weather
 - Employment (What do people do for work?)
 - Agriculture (What does the county grow/harvest?)
 - Natural Resources
 - Education (% of college graduates, etc.)
 - Home Ownership Rate
 - Historical Facts
 - Famous Residents
 - Fairgrounds (County Fair Information)
 - Vacation Destinations
 - Indoor/Outdoor Entertainment
6. Make the brochure appealing! You want out-of-towners to visit you.
7. Make the brochure free of spelling, punctuation, and grammatical errors. Make sure minor errors do not distract the reader.
8. Organize the brochure so it is easy to read.
9. Place the brochure in your **Washington state history** folder and hyperlink it to the history home page.
